

**Government of India  
Ministry of Environment, Forest and Climate Change  
(Issued by the State Environment Impact Assessment  
Authority(SEIAA), MAHARASHTRA)**

To,

The Executive Vice President

R S ESTATE DEVELOPERS PVT LTD

3rd Floor, Commerz, International Business Park, Oberoi Garden City, Off.  
W.E. Highway. Goregaon (E) -400063

**Subject:** Grant of Environmental Clearance (EC) to the proposed Project Activity  
under the provision of EIA Notification 2006-regarding

Sir/Madam,

This is in reference to your application for Environmental Clearance (EC)  
in respect of project submitted to the SEIAA vide proposal number  
SIA/MH/INFRA2/403905/2022 dated 20 Oct 2022. The particulars of the  
environmental clearance granted to the project are as below.

1. EC Identification No.	<b>EC23B038MH144499</b>
2. File No.	SIA/MH/INFRA2/403905/2022
3. Project Type	New
4. Category	B
5. Project/Activity including Schedule No.	8(a) Building and Construction projects
6. Name of Project	Residential Development at Plot No. 120, CTS No. 1/38/2, Village: Oshiwara, Taluka: Versova, District: Mumbai, State: Maharashtra, India by M/s. R. S. Estate Developers Private Limited.
7. Name of Company/Organization	R S ESTATE DEVELOPERS PVT LTD
8. Location of Project	MAHARASHTRA
9. TOR Date	N/A

The project details along with terms and conditions are appended herewith from page  
no 2 onwards.

Date: 23/02/2023

(e-signed)  
**Pravin C. Darade , I.A.S.**  
Member Secretary  
SEIAA - (MAHARASHTRA)

*Note: A valid environmental clearance shall be one that has EC identification  
number & E-Sign generated from PARIVESH. Please quote identification  
number in all future correspondence.*

*This is a computer generated cover page.*

**PARIVESH**

No. SIA/MH/INFRA2/403905/2022  
Environment & Climate  
Change Department  
Room No. 217, 2<sup>nd</sup> Floor,  
Mantralaya, Mumbai- 400032.

To  
M/s. R. S. Estate Developers Private Limited,  
Plot No. 120, CTS No. 1/38/2, Village: Oshiwara,  
Taluka: Versova, District: Mumbai.

**Subject** : Environmental clearance for Residential Development at Plot No. 120, CTS No. 1/38/2, Village: Oshiwara, Taluka: Versova, District: Mumbai by M/s. R. S. Estate Developers Private Limited.

**Reference** : Application no. SIA/MH/INFRA2/403905/2022

This has reference to your communication on the above-mentioned subject. The proposal was considered by the SEAC-2 in its 189<sup>th</sup> meeting under screening category 8 (a) B2 as per EIA Notification, 2006 and recommend to SEIAA. Proposal then considered in 256<sup>th</sup> (Day-2) meeting of State Level Environment Impact Assessment Authority (SEIAA).

2. Brief Information of the project submitted by you is as below:-

Sr. No.	Description	Details	
1	Proposal Number	SIA/MH/INFRA2/403905/2022	
2	Name of Project	Residential Development at village Oshiwara, Andheri West, Mumbai State: Maharashtra	
3	Project category	8 (a)	
4	Type of Institution	Limited	
5	Project Proponent	Name	Mr. Rajendra Chandorkar <b>R. S. Estate Developers Pvt. Ltd.</b>
		Regd. Office address	3 <sup>rd</sup> Floor, Commerz, International Business Park, Oberoi Garden City, Off. W.E Highway, Goregaon (East). Mumbai
		Contact number	9820097827/ 022 6677 3334
		e-mail	<a href="mailto:rajendra.chandorkar@oberoirealty.com">rajendra.chandorkar@oberoirealty.com</a>
6	Consultant	<b>ULTRA TECH</b> <b>Certificate No:</b> NABET/EIA/2023/RA 0194 <b>Validity:</b> 9 <sup>th</sup> March 2023	
7	Applied for	New application for Environment Clearance	
8	Location of the project	Plot No. 120, CTS No. 1/38/2, Village: Oshiwara, Taluka: Versova, Andheri West, District: Mumbai Suburban, State: Maharashtra, India	
9	Latitude and Longitude	Latitude: 19° 8'39.02"N; Longitude: 72°49'16.00"E	
10	Plot Area (sq.m.)	11,750.70 Sq. mt.	

11	Deductions (sq.m.)	As the building no. 1 was already completed and granted occupation long back and there is no vacant space in the plot to provide AOS as per Reg. 14A. Hence, we requested competent authority to not to insist physical provision of the AOS, and the same was condoned/ approved by competent authority by charging premium as per T -5 policy.					
12	Net Plot area (sq.m.)	11,750.70 Sq. mt.					
13	Ground coverage (m <sup>2</sup> ) & %	9,648.00 sq. mt. (87%)					
14	FSI Area (sq.m.)	19,930.05 sq. mt. <i>*Please note in the same layout there is building no 1 (FSI area: 13,602.02 sq.mt.) constructed prior to EIA Notification hence not considered in the proposal for EC</i>					
15	Non-FSI (sq.m.)	12,219.93 sq. mt <i>*Please note in the same layout there is building no 1 (NON FSI area: 18,150.13 sq.mt.) constructed prior to EIA Notification hence not considered in the proposal for EC</i>					
16	Proposed built-up area (FSI + Non FSI) (sq.m.)	32,149.98 sq. mt. <i>*Please note in the same layout there is building no 1 (Total Construction BUA area: 31,752.15 sq. mt.) constructed prior to EIA Notification hence not considered in the proposal for EC</i>					
17	TBUA (m <sup>2</sup> ) approved by Planning Authority till date	<ul style="list-style-type: none"><li>Concession letter received from MCGM dt.26.08.2019</li><li>Amended Approval received from MCGM dt. 30.12.2021</li></ul>

				Proposed building (Under Purview of EIA Notification)			
				Building no. 2 with 2 Wings C and D:	Ground Floor + Stilt + 1 <sup>st</sup> to 28 <sup>th</sup> Floors	99.55 mt.	--
21	No. of Tenements & Shops			Flats: 46 Nos.			

		* Please note in the same layout there is building no 1 with 72 nos. of flats constructed prior to EIA Notification hence not considered in the proposal for EC		
22	Total Population	322 numbers * Please note in the same layout there is building no 1 with 504 nos. of occupancy constructed prior to EIA Notification hence not considered in the proposal for EC		
23	Total Water Requirements CMD	60 CMD		
24	Under Ground Tank (UGT) location	Underground		
25	Source of water	MCGM		
26	STP Capacity & Technology	<ul style="list-style-type: none"> <li>STP Capacity: 50 KL</li> <li>Technology: Moving Bed Bio Reactor (MBR)</li> </ul>		
27	STP Location	Underground		
28	Sewage Generation CMD & % of sewage discharge in sewer line	<ul style="list-style-type: none"> <li>Sewage Generation: 38 CMD</li> <li>* Please note in the same layout there is building no 1 constructed prior to EIA Notification hence not considered in the proposal for EC for which sewage generation is 59 KL. generated sewage is being disposed to sewer line</li> <li>% of treated sewage discharge in sewer line: 24%</li> </ul>		
29	Solid Waste Management during Construction Phase	<b>Type</b>	<b>Quantity (Kg/d)</b>	<b>Treatment / disposal</b>
		Dry waste	12	Segregation of solid waste into biodegradable and non-biodegradable handed over to authorize recyclers.
		Wet waste	8	
		Excavation Earth	2889 cum	684 cum will be reused on site for backfilling & levelling and 2205 cum will be disposed to authorized landfill site as per permission received from M.C.G.M
		Construction waste	--	Disposed to authorized landfill site as per permission from MCGM
30	Total Solid Waste Quantities with type during Operation Phase & Capacity of OWC to be installed	<b>Type</b>	<b>Quantity (Kg/d)</b>	<b>Treatment / disposal</b>
		Dry waste	87	To Authorized recyclers
		Wet waste	58	Treatment of biodegradable waste in Organic Waste Converter
		E-Waste	--	--
		STP Sludge (dry)	--	Use as manure

					<i>*Note: Please note in the same layout there is existing Bldg 1 constructed prior to EIA Notification which generates 227 kg/day solid waste that is disposed by M.C.G.M.</i>
31	R.G. Area in sq.m.	RG required: The project under reference is a part of approved layout under no. CE/649/ BSII/LOKWN lastly approved on 10/10/2011. As per approved layout plan the required Recreational Garden (RG) Area for the entire layout is already provided in form of separate plots. Thus, the entire required RG area for the layout is already provided on mother earth hence there is no requirement of RG area however we have provided additional RG area on podium in our plot RG provided on Mother earth/ ground: Provision of additional Greenbelt area = 1183.30 Sq. mt. RG provided on Podium: Provision of additional RG area 4958.04 Sq. mt. Total: 6141.34 Sq. mt. Existing trees on plot: 310 Nos. Number of trees to be planted: 207 Nos a) In RG area: 207 Nos.* b) In Miyawaki Plantation (with area): -- * Tree Plantation of some trees will be done offsite. Number of trees to be cut: 171 Nos. (On ground = 0 nos. + on Podium = 171 nos.)			
33	Power requirement	During Operation Phase: Adani Power Connected load (KW): 3120 KW Maximum demand (KW): 1560 KW			
34	Energy Efficiency	a) Total Energy saving (%): 14 % b) Solar energy (%): 5 % of tower common area load			
35	D.G. set capacity	DG set of capacity 750 kVA			
36	No. of 4-W & 2-W Parking with 25% EV	4-Wheeler: 159 Nos. 2-Wheeler: -- Provision of 36 nos. of E-charging points. <i>*Note: Please note in the same layout there is existing Bldg.1 constructed prior to EIA Notification for which Parking spaces provision (4-wheeler) is 238 nos.</i>			
37	No. & capacity of Rain water harvesting tanks/ Pits	Provision of RWH tank of capacity 75 KL			
38	Project Cost in (Cr.)	Rs. 110 Cr			
39	EMP Cost	<b>Construction Phase:</b> Rs. 71.84 Lacs <b>Operation Phase:</b> Capital cost: Rs. 105.51 Lacs Operational and Maintenance cost: Rs. 11.34 Lacs/annum			
40	CER Details with justification if any....as per MoEF & CC circular dated 01/05/2018	--			

41	Details of Court Cases/ litigations w.r.t the project and project location, if any.	No litigation is pending against the project or land
----	---	--

3. Proposal is a new construction project. Proposal has been considered by SEIAA in its 256<sup>th</sup> (Day-2) meeting and decided to accord Environment Clearance to the said project under the provisions of Environment Impact Assessment Notification, 2006 subject to implantation of following terms and conditions-

**Specific Conditions:**

**A. SEAC Conditions-**

1. PP to submit IOD/IOA/Concession Document/Plan Approval or any other form of documents as applicable clarifying its conformity with local planning rules and provisions as per the Circular dated 30.01.2014 issued by the Environment Department, Govt. of Maharashtra.
2. PP to obtain following NOCs & remarks:  
a) Sewer connection; b) SWD NOC; c) Tree NOC.
3. PP to submit letter from Planning Authority that the plot is not affected by CZMP-2019.
4. PP to submit final concession approval received from Municipal Commissioner, MCGM.
5. PP to submit revised STP layout showing 40% area open to sky.
6. PP to submit architect certificate that they have not consuming any FSI, Non-FSI of existing building in proposed construction & vice- versa.
7. PP to provide portable STP for workers during construction phase. PP to include EMP in DMP & accordingly, revise EMP of Construction & Operation phase.
8. PP to explore to provide environmental facilities like STP, OWC etc. to the existing building.

**B. SEIAA Conditions-**

1. PP to keep open space unpaved so as to ensure permeability of water. However, whenever paving is deemed necessary, PP to provide grass pavers of suitable types & strength to increase the water permeable area as well as to allow effective fire tender movement.
2. PP to achieve at least 5% of total energy requirement from solar/other renewable sources.
3. PP Shall comply with Standard EC conditions mentioned in the Office Memorandum issued by MoEF& CC vide F.No.22-34/2018-IA.III dt.04.01.2019.
4. SEIAA after deliberation decided to grant EC for – FSI area - 11,895.98 m<sup>2</sup>, Non FSI area-10,552 m<sup>2</sup> and total BUA - 22,447.98 m<sup>2</sup>. (Plan approval No.CE/6688/WS/AK, dated-16.08.2019) (Restricted as per approval).

**General Conditions:**

**a) Construction Phase :-**

- I. The solid waste generated should be properly collected and segregated. Dry/inert solid waste should be disposed of to the approved sites for land filling after recovering recyclable material.
- II. Disposal of muck, Construction spoils, including bituminous material during construction phase should not create any adverse effect on the neighbouring communities and be disposed taking the necessary precautions for general safety and health aspects of people, only in the approved sites with the approval of competent authority.
- III. Any hazardous waste generated during construction phase should be disposed of as

per applicable rules and norms with necessary approvals of the Maharashtra Pollution Control Board.

- IV. Adequate drinking water and sanitary facilities should be provided for construction workers at the site. Provision should be made for mobile toilets. The safe disposal of wastewater and solid wastes generated during the construction phase should be ensured.
- V. Arrangement shall be made that waste water and storm water do not get mixed.
- VI. Water demand during construction should be reduced by use of pre-mixed concrete, curing agents and other best practices.
- VII. The ground water level and its quality should be monitored regularly in consultation with Ground Water Authority.
- VIII. Permission to draw ground water for construction of basement if any shall be obtained from the competent Authority prior to construction/operation of the project.
- IX. Fixtures for showers, toilet flushing and drinking should be of low flow either by use of aerators or pressure reducing devices or sensor based control.
- X. The Energy Conservation Building code shall be strictly adhered to.
- XI. All the topsoil excavated during construction activities should be stored for use in horticulture / landscape development within the project site.
- XII. Additional soil for levelling of the proposed site shall be generated within the sites (to the extent possible) so that natural drainage system of the area is protected and improved.
- XIII. Soil and ground water samples will be tested to ascertain that there is no threat to ground water quality by leaching of heavy metals and other toxic contaminants.
- XIV. PP to strictly adhere to all the conditions mentioned in Maharashtra (Urban Areas) Protection and Preservation of Trees Act, 1975 as amended during the validity of Environment Clearance.
- XV. The diesel generator sets to be used during construction phase should be low sulphur diesel type and should conform to Environments (Protection) Rules prescribed for air and noise emission standards.
- XVI. Vehicles hired for transportation of Raw material shall strictly comply the emission norms prescribed by Ministry of Road Transport & Highways Department. The vehicle shall be adequately covered to avoid spillage/leakages.
- XVII. Ambient noise levels should conform to residential standards both during day and night. Incremental pollution loads on the ambient air and noise quality should be closely monitored during construction phase. Adequate measures should be made to reduce ambient air and noise level during construction phase, so as to conform to the stipulated standards by CPCB/MPCB.
- XVIII. Diesel power generating sets proposed as source of backup power for elevators and common area illumination during construction phase should be of enclosed type and conform to rules made under the Environment (Protection) Act, 1986. The height of stack of DG sets should be equal to the height needed for the combined capacity of all proposed DG sets. Use low sulphur diesel is preferred. The location of the DG sets may be decided with in consultation with Maharashtra Pollution Control Board.
- XIX. Regular supervision of the above and other measures for monitoring should be in place all through the construction phase, so as to avoid disturbance to the surroundings by a

separate environment cell /designated person.

**B) Operation phase:-**

- I. a) The solid waste generated should be properly collected and segregated. b) Wet waste should be treated by Organic Waste Converter and treated waste (manure) should be utilized in the existing premises for gardening. And, no wet garbage will be disposed outside the premises. c) Dry/inert solid waste should be disposed of to the approved sites for land filling after recovering recyclable material.
- II. E-waste shall be disposed through Authorized vendor as per E-waste (Management and Handling) Rules, 2016.
- III. a) The installation of the Sewage Treatment Plant (STP) should be certified by an independent expert and a report in this regard should be submitted to the MPCB and Environment department before the project is commissioned for operation. Treated effluent emanating from STP shall be recycled/ reused to the maximum extent possible. Treatment of 100% grey water by decentralized treatment should be done. Necessary measures should be made to mitigate the odour problem from STP. b) PP to give 100 % treatment to sewage /Liquid waste and explore the possibility to recycle at least 50 % of water, Local authority should ensure this.
- IV. Project proponent shall ensure completion of STP, MSW disposal facility, green belt development prior to occupation of the buildings. As agreed during the SEIAA meeting, PP to explore possibility of utilizing excess treated water in the adjacent area for gardening before discharging it into sewer line No physical occupation or allotment will be given unless all above said environmental infrastructure is installed and made functional including water requirement.
- V. The Occupancy Certificate shall be issued by the Local Planning Authority to the project only after ensuring sustained availability of drinking water, connectivity of sewer line to the project site and proper disposal of treated water as per environmental norms.
- VI. Traffic congestion near the entry and exit points from the roads adjoining the proposed project site must be avoided. Parking should be fully internalized and no public space should be utilized.
- VII. PP to provide adequate electric charging points for electric vehicles (EVs).
- VIII. Green Belt Development shall be carried out considering CPCB guidelines including selection of plant species and in consultation with the local DFO/ Agriculture Dept.
- IX. A separate environment management cell with qualified staff shall be set up for implementation of the stipulated environmental safeguards.
- X. Separate funds shall be allocated for implementation of environmental protection measures/EMP along with item-wise breaks-up. These cost shall be included as part of the project cost. The funds earmarked for the environment protection measures shall not be diverted for other purposes.
- XI. The project management shall advertise at least in two local newspapers widely circulated in the region around the project, one of which shall be in the Marathi language of the local concerned within seven days of issue of this letter, informing that the project has been accorded environmental clearance and copies of clearance letter are available with the Maharashtra Pollution Control Board and may also be seen at Website at [parivesh.nic.in](http://parivesh.nic.in)
- XII. Project management should submit half yearly compliance reports in respect of the

stipulated prior environment clearance terms and conditions in hard & soft copies to the MPCB & this department, on 1st June & 1st December of each calendar year.

- XIII. A copy of the clearance letter shall be sent by proponent to the concerned Municipal Corporation and the local NGO, if any, from whom suggestions/representations, if any, were received while processing the proposal. The clearance letter shall also be put on the website of the Company by the proponent.
- XIV. The proponent shall upload the status of compliance of the stipulated EC conditions, including results of monitored data on their website and shall update the same periodically. It shall simultaneously be sent to the Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB. The criteria pollutant levels namely; SPM, RSPM, SO<sub>2</sub>, NO<sub>x</sub> (ambient levels as well as stack emissions) or critical sector parameters, indicated for the project shall be monitored and displayed at a convenient location near the main gate of the company in the public domain.

**C) General EC Conditions:-**

- I. PP has to strictly abide by the conditions stipulated by SEAC & SEIAA.
- II. If applicable Consent for Establishment" shall be obtained from Maharashtra Pollution Control Board under Air and Water Act and a copy shall be submitted to the Environment department before start of any construction work at the site.
- III. Under the provisions of Environment (Protection) Act, 1986, legal action shall be initiated against the project proponent if it was found that construction of the project has been started without obtaining environmental clearance.
- IV. The project proponent shall also submit six monthly reports on the status of compliance of the stipulated EC conditions including results of monitored data (both in hard copies as well as by e-mail) to the respective Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB.
- V. The environmental statement for each financial year ending 31st March in Form-V as is mandated to be submitted by the project proponent to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of EC conditions and shall also be sent to the respective Regional Offices of MoEF by e-mail.
- VI. No further Expansion or modifications, other than mentioned in the EIA Notification, 2006 and its amendments, shall be carried out without prior approval of the SEIAA. In case of deviations or alterations in the project proposal from those submitted to SEIAA for clearance, a fresh reference shall be made to the SEIAA as applicable to assess the adequacy of conditions imposed and to add additional environmental protection measures required, if any.
- VII. This environmental clearance is issued subject to obtaining NOC from Forestry & Wild life angle including clearance from the standing committee of the National Board for Wild life as if applicable & this environment clearance does not necessarily implies that Forestry & Wild life clearance granted to the project which will be considered separately on merit.

4. The environmental clearance is being issued without prejudice to the action initiated under EP Act or any court case pending in the court of law and it does not mean that project proponent has not violated any environmental laws in the past and whatever decision under EP Act or of the

Hon'ble court will be binding on the project proponent. Hence this clearance does not give immunity to the project proponent in the case filed against him, if any or action initiated under EP Act.

5. This Environment Clearance is issued purely from an environment point of view without prejudice to any court cases and all other applicable permissions/ NOCs shall be obtained before starting proposed work at site.

6. In case of submission of false document and non-compliance of stipulated conditions, Authority/ Environment Department will revoke or suspend the Environment clearance without any intimation and initiate appropriate legal action under Environmental Protection Act, 1986.

7. Validity of Environment Clearance: The environmental clearance accorded shall be valid as per EIA Notification, 2006, amended from time to time.

8. The above stipulations would be enforced among others under the Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986 and rules there under, Hazardous Wastes (Management and Handling) Rules, 1989 and its amendments, the public Liability Insurance Act, 1991 and its amendments.

9. Any appeal against this Environment clearance shall lie with the National Green Tribunal (Western Zone Bench, Pune), New Administrative Building, 1<sup>st</sup> Floor, D-Wing, Opposite Council Hall, Pune, if preferred, within 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.
